

TRUST HAS A BIG IMPACT

ON HOW

CHANGE IS RECEIVED

EMPLOYEES ARE MORE LIKELY TO ACCEPT CHANGE WHEN THEY TRUST:

The organization's motives

Their immediate manager

The communication process

The decision-making process

The fairness of implementation

The support being provided

“

Trust is the foundation that helps people move forward together.

”

WHEN TRUST IS LOW

Even small changes can feel **threatening**.

VS.

WHEN TRUST IS HIGH

Even difficult changes are **easier to navigate**.

STRONG TRUST. BETTER COLLABORATION.
BETTER OUTCOMES.
