

ADAPTABILITY IS A CAREER SKILL

Change is no longer an occasional workplace event. It is part of normal work.

EMPLOYEES WHO BUILD ADAPTABILITY BECOME MORE VALUABLE BECAUSE THEY CAN:

Learn new tools

Adjust to new expectations

Work with different leaders

Handle ambiguity

Stay productive during uncertainty

Help teammates navigate change

Adaptability does not mean **liking** every change. It means being able to **respond productively**.

A GREAT EMPLOYEE-LEVEL PHRASE:

“ I may **not** control the **change**, but I can control **my response** to it.” ”

MORE ADAPTABLE

MORE VALUABLE

MORE IMPACT

MORE SUCCESS
