

TRAINING AND SUPPORT ARE PART OF THE CHANGE

Employees should not be expected to magically adapt without support.

EFFECTIVE CHANGE USUALLY REQUIRES:

TRAINING

Learn the knowledge and skills you need.

JOB AIDS

Easy-to-use resources when you need them.

PRACTICE TIME

Time to apply and build your skills.

COACHING

Guidance to help you grow and succeed.

FEEDBACK

Constructive input that helps you improve.

MANAGER CHECK-INS

Regular conversations to align and support your progress.

PEER SUPPORT

Learn from others and navigate change together.

TIME TO BUILD CONFIDENCE

Give yourself time to adjust and feel confident.

FROM THE EMPLOYEE PERSPECTIVE,
IT IS FAIR TO ASK:

“What *support* will be available to help us succeed?”

SUPPORT TODAY. **CONFIDENCE** TOMORROW. **SUCCESS** TOGETHER.
